POLITICAL.

REPUBLICAN

STATE PLATFORM.

Resolved, That the honor and glory of the Republic, its continued peace, prosperity and progress will be the best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Chicago platform of 1880, and as further embodied in its great history from its organization to the present time.

Resolved, That in the tragic death of President Garfield our country has suffered a deplorable loss, and the Republican party mourns for one who consecrated a noble and heroic life to the vindication of its great purposes.

Resolved, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of aliens, incapable of assimilation with our institutions, is a perpetual menace to all classes of society. The relief extended to our people by the passage of a law excluding the Chinese by a Republican Congress and approved by a Republican President, is a genuine cause of satisfaction. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further legislation as will permanently exclude the Chinese.

Resolved, That we recognize the paramount importance of maintaining unimpaired the free public school system of the State. We shall defend it against sectarian, political or other improper influences, and we favor such additional legislation as the condition and wants of the common schools of the State may require. As free institutions they should be conducted as to satisfy poor and rich alike, and upon that principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

Resolved, That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waterways and connecting lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

Resolved, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations doing business in this State the same protection and the same rights before the law as are accorded to individuals—no more and no less.

And further, that the Republican party favors and demands, at the hands of the State Legislature, legislation regulating and equalizing freights and fares on all railroads within this State.

Resolved, That we are in favor of the Government of the United States establishing a postal telegraph service, and connecting and connecting lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

Resolved, That the duty of the Legislature to enact such laws as will result in the purification of the jury box and better promote the administration of justice.

Resolved, That it is the duty of the next Legislature to pass such laws as shall reduce the expenses of the State and county governments to the lowest possible limit consistent with the requirements of the public service.

Resolved, That the next session of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of mineral lands to the end that legitimate prospecting and the development of our chief source of wealth may be best promoted.

Resolved, That the appropriation by a Republican Congress for the payment of pensions to invalid Union soldiers and to the veterans of the Mexican war, is the discharge of a debt of honor and law—a generous remembrance of our country's defenders in its supreme hour of peril.

Resolved, That in the judgment of this Convention the Legislature, when next convened, should make the necessary provisions for a convention to revise the entire constitution of this State. That in providing for such convention, well guarded restrictions should be made, defining the number of delegates, their compensation, and fixing the duration of its session. That we believe such Convention is imperatively demanded by the urgent necessities of the times, and among others for the following cogent reasons: First—To so change the fundamental law as to secure as nearly as may be equal and uniform taxation of all property subjected thereto. Second—To regulate and render equal and just to all the rates of passage and freight upon all railroads doing business in this State, to wit, that the existing industries may be fostered and not oppressed, built up and not overthrown, and Third—To secure the reduction of the expense of the State to the minimum by dispensing with all unnecessary officers and employees, rendering more speedy and economical the collection of public revenue, the execution of the law and the general administration of justice.

NEVADA'S NUGGETS.

Nevada's Exhibition at the National Exposition—She Fully Sustains Her Merited Reputation—A Fine Showing From a Proud Young State—Pertinent General and Miscellaneous Regarding Nevada.

(Denver News, Sept. 2d.)

The legislature of Nevada meeting but once in two years, no appropriation was made for a representation at Denver. In fact but too little was known at the time of the proposed Exposition. Governor Kinkaid was therefore placed in a dilemma, and after several months spent in a vain attempt to interest some of the benighted kings, at last wrote to Messrs. F. W. Dunn, general superintendent of the Nevada Central Railway, J. A. Blossom, stock raiser and miner of Battle Mountain, and Allen A. Curtis, the miner and banker of Austin, all of Lander county, who at once came to his rescue and agreed to pay all expenses connected with the proposed Nevada exhibit. They recommended Mr. E. T. George, as commissioner, which suggestion was at once acted upon by Governor Kinkaid, and Mr. George was appointed, thus giving Lander county the honor of numbering among her citizens men who had the welfare of the State at heart and possessed enough public spirit to advance the funds necessary to give Nevada a representation at the great Mineral Exposition now being held at Denver. The time being so short the whole State could not be canvassed or sampled, and only the most accessible portions are fairly represented, leaving the largest and probably the richest portions almost without representation, but notwithstanding these disadvantages Nevada came forward with one of the most varied and richest representations in the Exposition. The ores on exhibition represent nearly all the varieties of mineral possible to mention, and are all rich, ranging from \$60 to \$24,000 per ton. The finest ruby silver specimen in the building is from the Manhattan Mining Company's mines at Austin, Lander county, and assays \$4,000, and as fine a sample of smelting ore as is on exhibition comes from Downeyville, a recent discovery in a comparatively new district. Smelting furnaces are now turning out thousands of dollars worth of bullion from these mines monthly. Specimens from the Alexandria mine are also on exhibition which are taken from a ledge 75 feet in width. The mine recently sold for \$650,000. Also rich ores from the Centennial mine, Lobos, Jeannette and other mines in Nye and Lander counties. We predict for the State of Nevada a bright future and congratulate her

on having citizens such as Messrs. Governor Kinkaid, F. W. Dunn, J. A. Blossom and A. A. Curtis, and can only say that if the next legislature does not pass them a vote of thanks and reimburse them for their outlay—which cannot be far short of \$2,000—the Nevada legislature should be booted out of the State House.

The News feels that this is the proper place to express its high esteem for Colonel E. T. George, the gentlemanly commissioner from Nevada. He is an honor to the State of Nevada and an ornament to the brotherhood of commissioners now assembled at Denver. By his uniform courtesy and gentlemanly bearing he has won a high place in the regard of all who have been so fortunate as to make his acquaintance. He possesses those characteristics of gentleness, firmness and dignity so rarely met in the same individuality.

Before making special mention of the ore specimens on exhibition from Nevada it is well to remark that Nevada does not need puffing. She has made a reputation that is co-extensive with civilization. Her great true fissure veins are among the greatest of the earth, and have been worked to greater depth than any other in America. When these veins pay continuously for over 3,000 feet and still give no evidence of playing out, they will do to be called mines. It is a big concession for a Colorado newspaper to make, but the News ventures the remark that Nevada's true fissures compare favorably with those of Colorado.

Through the courtesy of Commissioner George, a News reporter was enabled to make notes of ores on exhibition as follows:

VIRGINIA DISTRICT.
Comstock Consolidated mines—Show twenty-one specimens, one of which, from the Kentucky lode, weighs 275 pounds, which will run \$1,300 per ton in silver and gold. These mines have produced over \$250,000,000, and paid \$116,000,000, in dividends. They have workings over 3,000 feet deep.

ESMERALDA DISTRICT.
shows fine specimens from the Esmeralda Consolidated, Richmond, Albion, and Esmeralda tunnels as follows:
Albion—Chunk of Galena, 150 pounds, running \$153 in silver, \$108 in gold and 70 per cent lead.
Esmeralda tunnel—One Chunk carbonates, 150 pounds, giving \$150 in silver per ton and 60 per cent lead.

Numerous—Specimen of pulverized ores from the Esmeralda consolidated ranging from 25 per cent in lead, \$27 48 in silver and \$26 37 in gold to 74 per cent in lead, \$153 99 silver and \$108 03 in gold.

A. C. B. lode—Handsome specimens running \$2,000 in silver per ton.
75 lode—Silver specimens giving from \$350 to \$1,500 in silver per ton, with about 60 per cent in lead.

ELKO COUNTY—TUSCARORA DISTRICT.
Grand Prize and Navajo lodes—Show a number of specimens running from \$150 to \$5,000 per ton.

CORNUCOPIA DISTRICT.
Leopard lode—Several specimens of \$2,200 per ton.

ROCK CREEK DISTRICT.
Falcon lode—Several samples valued at \$250 silver per ton with some gold.

SAFFORD DISTRICT.
Onandonga lode—Samples averaging \$300 silver per ton.
Samples of mineral soap taken from an immense deposit in Elko county is a great curiosity.

Ellsworth lode—Specimen, value \$150 silver per ton.

Centennial lode—Specimen, value \$250 silver per ton.

Nye county also sends a fine specimen of nickel.

Downeyville lode—Specimen value \$250 silver per ton with 35 per cent lead.

Stonewall lode—Several fine specimens.

LANDER COUNTY.
New Battle Mountain sends several fine specimens of copper as follows: 1. Native copper 90 per cent. 2. Red oxide 85 per cent. 3. Green carbonates 65 per cent.

Tembay lode—Galena ore, value \$145 silver per ton with 70 per cent in lead.

Wilson lode—Specimens, value \$138 in gold.

Williams lode—Samples, value \$300 to \$800 gold per ton.

LEWIS DISTRICT.
Battle O'Neil lode—Fine specimens running from \$250 to \$2,000 silver per ton.

Morning Star lode—Specimens, value \$180 gold and \$100 silver per ton.

Eagle lode—Specimens, value \$1,500 silver per ton.

SILVER STAR DISTRICT.
Blue Light lode—Specimen, 35 per cent copper, carrying some silver. Also a number of fine silver specimens from the same county.

CHURCHILL COUNTY.
Antimony lode—Specimen value \$150 in silver per ton.
The same county also sends some fine samples of silver ore without labels.

WASHOE DISTRICT.

Sends fine samples of ore without labels.

LINCOLN COUNTY.

Standefeldite lode—Samples of very peculiar and very rich ores.
Also a sample value \$745 silver per ton. Name of lode not given.

ESMERALDA COUNTY—SECRET CANON DISTRICT.
Irish Ambassador lode—Samples of ore, value \$1,145 silver per ton. A mail run from this lode, eight tons averaged \$838 per ton in silver.
Note—Specimens weigh from eight ounces to fifty pounds.

MISCELLANEOUS.

Ormsby and Douglas counties send some handsome samples.
The Nevada display comprises every known precious metal bearing ore.

Nevada sends from Rhodes marsh fine samples of both crude and crystallized borax and samples of salt.

With the Nevada exhibit is an interesting map showing the inner workings of the Belcher lode, of the Comstock consolidation.

Commissioner George has with his display a very interesting atlas, showing the location and workings of the principal mines in Nevada. It is the work of Prof. Clarence King, geologist in charge of the United States exploring party.

Democratic State Central Committee.

The following members of the Central Committee were named by the county delegations, and accepted by the Convention:

Churchill—J. W. Allen.
Douglas—H. Harris.

Railroad Catastrophe.

Last Saturday evening, lively rumors were afloat that a grand accident had occurred on the C. P. R. near the Union Mills, between Truckee and Verdi; and that a heavy slaughter had taken place. Inquiry however, narrowed the accident to the derailment of two locomotives, detaining train Number 7 a couple of hours. Three men are reported hurt.

There were sixty patients in the Democratic State Convention at Esmeralda, twenty-one of which were held from Storey county alone. The delegates chosen at the Democratic primaries evidently took very little interest in the convention. Dr. H. Bergstein held a proxy from Esmeralda county; M. N. Stone, Dennis E. McCarthy and R. P. Keating had proxies from Lyon county, John S. Kaneen one from Ormsby county, and W. J. Sheridan and Miles Finlen were among the delegates by proxy from Storey county. (Enterprise, 6th.)

MISCELLANEOUS

In case of sickness you certainly save money, trouble and all by consulting the most experienced physician. You do the same by selecting the most learned and experienced watch-maker if you have a timepiece, be it a clock or a watch, to repair or to buy. It also requires skill and knowledge to judge the quality of jewelry, gold-ware and precious stones, and claiming to be a specialist and brought up in this business, I can safely promise a prompt performance and strict guarantee of all articles repaired or purchased at my store.

Auction of Dry Goods.

A large stock of dry goods arrived in Reno last Saturday, for the purpose of being sold at public auction. They are a portion of a consignment from New York, the most of which has been sold in the wholesale auction houses of San Francisco. These goods will be sold at auction in the Granger store, near the corner of Virginia and Second streets, commencing this evening at 7:30 and continuing each afternoon at 2 and each evening at 7:30 until all is sold. No goods will be sold at private sale, except at wholesale. The stock comprises such goods as are usually found in a dry goods store. The goods will undoubtedly be sold cheap, and if they are of a good quality our citizens will very soon find it out, and most likely embrace the opportunity which rarely occurs in our vicinity.

Young Men's Club.

Pursuant to a call a number of those who signed the call for a Young Men's Republican Club met at Reform Club Hall, and effected a temporary organization by selecting Geo. Conkling Chairman, and Scott Lake Secretary. Committees on Permanent Organization, Constitution and By-laws and Music were appointed, after which the meeting adjourned until next Tuesday evening.

THE CHINESE EVIL.

Suffering Caused Through Their Carelessness.

The bitterest feeling exists in Reno against the Chinese laundries, and justly too, for causing, through gross carelessness, the late destruction of thousands of dollars worth of valuable personal property. Reliable parties state that when the fire broke out the Chinamen in See Wah's wash-house, where the fire originated, instead of giving an immediate alarm, devoted their attention solely to saving what clothes they could. It appears to be a marked characteristic with them, when a fire occurs, to neglect all means of extinguishing the flames, through fear evidently, and only to look out for themselves. The fire the other morning was a peculiarly aggravating one and the unanimous sentiment almost of the town, is that the Chinese laundries must be removed to some place outside the town limits, where they may burn themselves up every night if desirable, without destroying the property of other people. The only white laundry in town is up the C. P. track, where no damage to others could be inflicted should the premises take fire; and were a general ordinance passed removing all laundries outside of stated fire limits, no invidious distinction could be claimed, whereby a Federal Judge could nullify it as in San Francisco lately.

PERFECT FIRE-NESTS.

The Chinese laundries in Reno, as anyone may notice, are nested in the town blocks in a peculiar way. Every Chinese soot in the State is a slave to the Six Companies; and when engaging in the laundry business is forbidden by them to encroach within a certain distance of one another, under severe penalty. As a result they are so many scattered fire-brands, liable to cause destruction at any moment, through their well-known criminal carelessness. They generally work at night when the town is asleep, and upon quitting work early in the morning, are in the habit of smoking their favorite drug and stupefying themselves. They are grossly careless about the construction of their furnaces and botches of stoves, which are generally placed right alongside of dangerous wooden partitions, and kept at a red-hot heat all night. There are four of these establishments nested in town in places where they could burn the town up. One on Plaza street in the heart of the block between Virginia and Sierra streets; another opposite the Depot Hotel, on Commercial Row; another on Sierra street, opposite Coats' Tavern; and one on the corner of Virginia and Front streets, and See Wah, lately in the heart of the dry, inflammable block, burned down the other morning.

RENO SURELY WILL BURN.

And that not before long, unless some means are taken to lessen this standing and constantly menacing evil. The town has sufficient sources of fire, without nursing Chinese laundries to burn it up. At this period of the year, too, the material of the wooden buildings is dry and inflammable, and would burn like so much tinder wood. Had there been a wind the other morning, there would have been a perfect holocaust of flame.

GREAT SUFFERING.

Was caused by the late Chinese fire, much more than is imagined by Reno people who escaped the fiery baptism. From beginning to end of the block burned, there were none who did not lose their little all. Lewis, Holesworth, Fowle, Grove and others had everything burnt. In the case of Mr. Fowle and Mr. Grove, the circumstances were peculiarly distressing. Mr. Grove had just erected his building at considerable cost, and was trying to work out of debt, and lost, besides, all of his instruments except a trivial few; while Mr. Fowle, an aged man, lost everything, together with his account books.

CHINESE CHECK.

Could never give a better exhibition of its brazen quality, than was given by See Wah yesterday morning. General Evans had about a hundred and fifty dollars worth of material burned up in the wash house, that had been carried there a day or two before; yet See Wah waltzed up to the General yesterday morning and urbanely requested "Pay for washes." He even grew demonstrative over the subject, until Mr. Evans threatened to seek damages for the burnt material. If the fire had been occasioned otherwise, some sympathy for the heathen might be felt, but under the circumstances, the cheeky demand was peculiarly aggravating. The Lake House, Mr. Beck and others were losers and intend to submit to no similar demand.

A SUSPICIOUS FACT.

Of the fire was that parties who were on the ground and entered the burning wash-house, declare that all the clothes had been safely removed, as the rooms were entirely bare. There is a current report too that See Wah had an insurance on his property, and this too will be thoroughly investigated.

GENERAL STEALING.

Many sufferers complain bitterly of the barefaced robbery practiced the morning of the fire. Valuable goods were carried to a place of refuge, only to find them gone on a return trip. Two men, who are known, were seen carrying away valuable sets of harness from the little pile that Mr. Fowle had succeeded in snatching from the flames. Mr. Masson had souvenirs packed away by over-zealous individuals, anxious to rescue material from the fire—to appropriate for themselves. It is no wonder that nowadays, when a man appears with a new hat, or wearing apparel, the popular cry is, "Where was the fire last night?" This thieving practice, as well as the Chinese laundry business, should be attended to by the public.

District Court.

Yesterday was an important day in the District Court, the Grand Jurors for the September term being sworn in and commencing their work. The following Jurors were present: Roger Crow, B. J. Clow, George Alt, H. Whisler, F. Lemmons, J. W. Whitehead, Geo. H. Frazier, D. W. O'Connor, W. M. Anderson, W. F. Berry, J. S. Shoemaker, John Wilson, Isaac Fredrick, A. Lindley, J. P. Winfrey, Wm. Hoffman and Joseph Odett. G. W. Huffaker and W. Gregory failed to appear and M. Hogan, W. D. Hardin, C. F. Moeller, N. J. Foxwell and John Sunderland, also empanelled as jurors, were excused.

Judge King read the statutes defining the duties of the Grand Jury, and the Jurors entered on the discharge of their duty.

The following parties in custody appeared before the Grand Jury: Miss Annie Levy, Mrs. Mary Boynton, both arraigned for arson; Sessions George, for murder; Dan McCarthy, for house-breaking, and John Rice, for forgery.

Judge Cassitt was appointed counsel for Annie Levy and Sessions George. Judge Webster appeared for Mary Boynton, Mr. Allen for Rice, and T. Julien for Dan McCarthy.

All objections were waived to the array of the Grand Jurors, and all objections to individual Grand Jurors, by all the defendants.

W. M. Anderson was appointed foreman, and being subsequently excused, on the ground of inability, George Alt was appointed in his stead.

Dennis Mahonny and John Regan were admitted to citizenship.

In the estate of Johnston, hearing was continued to next Monday.

Court adjourned till this morning at 10 o'clock.

The Search Continued.

To-morrow another attempt will be made to find the Larcombe bodies. Nels Hammond, Tom Hymers and L. W. Lee will take a load of volunteers up the river to the scene of the accident. They will have conveyances for fifteen men, and volunteers are requested to go, provided they will work and not shirk the labor. It is reported that a reward of fifty dollars has been offered for the recovery of the bodies, but the rumor can not be traced to a definite source. The search party will leave from the vicinity of the Depot Hotel to-morrow at 6 A. M. sharp.

A Sad Loss.

Mr. Pechner, well known in Reno, sustained a severe family loss last Sunday evening, in the death of his little daughter Esther, aged ten months and twenty-one days. The little one had been ailing from inflammation of the bowels, and died in her afflicted mother's arms. Mr. Pechner has the sympathy of the entire community. The funeral will take place at 10 o'clock this morning. Friends and acquaintances are respectfully invited to attend.

Changes on V and T R R.

Within the past few days a number of changes have taken place among the personnel of the train men on the V and T R R. Ed Verrill, Conductor, has resigned, and William Havenor, Conductor of the local train, has taken his place. Charley Thrall, for a long time Conductor of the freight train between Carson and Virginia steps into Havenor's shoes; and Jerry Bray, head brakeman for Havenor takes Thrall's old place.

Take Notice.

Nate Roff, Secretary of the State Association desires the fact mentioned that owing to an unlooked for delay, the time for closing the entries to the State Fair has been extended to the 20th of this month.

To go out camping, or any other way of spending your vacation, whether it be long or short, without something to protect yourself in the shape of a good shot-gun; such a one as we saw last week, a rebounding lock, choke bore, top snap laminated, twist, double bolt gun, which is really worth \$100, and can be bought for \$45 of Uncle Harris, 221 Kearny St., San Francisco.

THE REPUBLICAN STATE TICKET.

Comments of Leading Newspapers Upon the Nominees.

THE REPUBLICAN TICKET.

Lander Free Press 8th.

The ticket nominated by the Republican State Convention at Reno is an exceptionally good one, and is composed of excellent material. Most of the nominees are well and favorably known all over the State, and their popularity will be shown on the 7th of November. Mr. E. Strother, who has the honor to head the ticket, is a resident of Virginia City, and is a gentleman of ability, honesty and integrity, and will make a first class Governor.

Chas. E. Laughton, nominee for Lieutenant-Governor, hails from Ormsby county, and is too well known to need any praise from us. He is Auditor of the Virginia & Truckee Railroad. Hon. C. C. Powning, editor and proprietor of the Reno Journal, and nominee for Member of Congress, is well fitted for that position, and will make a winning fight.

Judge O. R. Leonard, Charles F. Bicknell, present Clerk of the Supreme Court, and Controller Hallock, all up for re-election, are known from one end of the State to the other. Their official record is excellent, and they will not doubt be elected.

J. M. Dormer, for Secretary of State, Uncle Geo. Tuffy for Treasurer, W. H. Davenport for Attorney-General, C. S. Preble for Surveyor-General, C. S. Young for Superintendent of Public Instruction, and J. C. Harlow for State Printer, are all good men, and help to make up a strong ticket.

THE CANDIDATES.

Reno Gazette, 7th.

We imagine that a thorough acquaintance with the tickets of the two parties will satisfy Republicans that their convention did its work well. Enoch Strother is a good man and a pure politician. He has lived a life so correct that even Democratic liars could not find anything to say against his personal character. He will throw an air of intellectuality and a high tone around the State house that it has never known before.

Mr. Laughton is a man of education and high aspiration. He will fill the office of Lieutenant Governor with the efficiency natural to a man as smart as he, who is still young and hopes for a future.

We do not claim that our Congressman is the ideal statesman, but Mr. Powning is well equipped to do effective work for this State. We believe that a man of his energy and persistence would go into a body like Congress and get more plums out of the pie than two men like George William Curtis. The question is not is he a Chesterfield or is he a Roscoe Conkling but can he do the work Nevada has to do. This State does not need a man deep in national affairs, but she does want a man who will rustle around in Congress and get the back charges on freight knocked off, and Powning promises to do it.

Judge Leonard's eight years on the Bench speak for him. He is well fitted for the work and is endorsed by all classes.

Mr. Hallock, the Controller, is the only relic of the last administration. His competency is universal conceded and he will be elected by a great big vote.

George Tuffy is a sound man in the Godlike quality of honesty, and his nomination commands the ticket to the people.

J. M. Dormer's fight was a handsome one, and made him friends. He is to canvass the state, and his scholarly appearance, genial manner and handsome face will make him a favorite.

The defeat of Mr. Boardman for Attorney-General was rather a surprise, but it could hardly have been helped when Eureka only asked for that one office, and presented such a good name as that of Mr. Davenport for the place.

The nomination of Charles S. Preble of Reno for Surveyor-General was a message to young men. It said: be honest, be industrious, improve your minds, keep good company, and the Republican party will appreciate you. It said bright young men can look with confidence to a recognition of their efforts to rise by faithful work.

Mr. Bicknell will undoubtedly run ahead of his ticket, for the Supreme Bench would be crippled without him, and everybody wants that body to have every opportunity to do its work speedily and well.

Mr. Young made some remarks worthy of one beyond his years in a speech before the convention. Many of us who have made failures, or partial failures, of our own lives hope to reach higher levels with our children, and live a more useful and noble life in their careers. It may be that it is the life's work of some of us to bring up future leaders of men, in thought or action, and too much importance cannot be attached to the work of enacting them. In this the great spirit of the Republican party rises like a white giant compared to the mean methods employed by other parties.

Last, but not least, comes the gallant Harlow. One of the princes of the State, so far as good nature and true manliness go, a thorough mechanic, of artistic taste and perfect acquaintance and honored by all; he will not be found behind in the race, though he is mentioned last on the ticket.

Advertising Medium.

The advertising columns of the JOURNAL afford an excellent opportunity to our readers to study out where purchases of all kinds can be made on the most advantageous terms. All classes of goods can there be found advertised from a suit of clothes or nice silk dress to the daintiest ornament in the jewelry line. The JOURNAL reaches nearly every family as well as business house in the county, and, therefore, advertisers seek its columns that the public may know what they have for sale.

MISCELLANEOUS.

DR. SPINNEY

NO. 11 KEARNEY ST.

Treats All Chronic and Special
Diseases.

YOUNG

WHO may be suffering from the effects of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Spinney will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty, who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration to the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5.
Call or address,

DR. SPINNEY & CO.

No. 11 Kearney St., San Francisco

P. S.—For private diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of \$10.00.
